

# RGT STOKES

High yielding soft wheat

- > Positive rating for distilling
- > Excellent S tritici rating
- > Good overall disease resistance
- > Suitable for early drilling
- > Good second wheat

Source: AHDB 5yr report 2018-22. Notes [ ] - limited data

RGT Stokes is a fully recommended soft wheat that performs particularly well in the West and North regions. Its good rating for distilling will add to its appeal for growers in the North.

The variety has very good resistance to Septoria tritici and yellow rust.

RGT Stokes gives consistently high alcohol yields. It was rated the overall highest performer in SWRI trials in 2021 and is rated good for distilling.
