

RGT ASTEROID

Unique quality & high yield

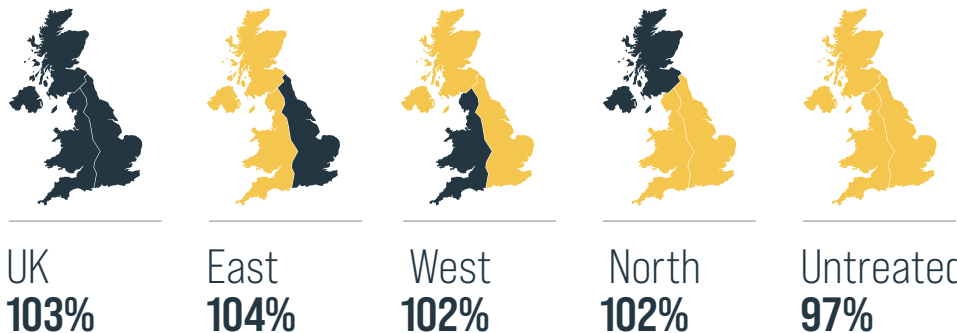

- > High DP variety
- > Very good specific weight
- > Excellent brackling and straw strength
- > Good lodging resistance

UK YIELD

YIELD PERFORMANCE

AGRONOMIC RATINGS

	Lodging -PGR (1-9)	Height (cm)	Ripening (days +/- Planet)	Resistance to brackling (1-9)	Spec weight
RGT Asteroid	7	73	+1	8	68.3
Fairing	7	72	-2	8	68.3

DISEASE RATINGS

	Mildew	Brown rust	Rhynchosporium
RGT Asteroid	9	5	4
Fairing	9	4	6

Source : Recommended list Spring Barley 2020

RGT Asteroid is ideally suited to the grain distilling market where it has found favour with end users due to its unique qualities. It is higher yielding than Fairing and also exhibits good agronomic traits and disease resistance.

Contact your grain merchants to find out more about buyback contracts

AGRONOMICS

Lodging -PGR (1-9)	7
Height (cm)	73
Ripening (days +/- Planet)	+1
Resistance to brackling (1-9)	8
Spec weight	68.3

DISEASE

Mildew (1-9)	9
Brown rust (1-9)	5
Rhynchosporium (1-9)	4

MALTING QUALITY

Hot water extract (l deg/kg)	315.0
